CATALOG

Door & Cabinet Hardware

THE MOSLEHI GROUP started their career in 1983 in the area of designing and Manufacturing of door & cabinet hardware, locks and fittings By establishing their factory In Tehran the cradle of art and industry.

Forty-two years presence in this field with the purpose of development in the basis of raise of quality and innovation lead to utilize the most Upgraded world technology along with engineers and experts and preservation of Environmental rules and regulations, security and professional health care Regulations and requirements of technical standards, supply their products According to demands of customers so efficient and with the highest quality to the Market.

www.3aplus-co.com

Door & Cabinet Hardware

THE MAIN INDEX OF CHOOSING DOOR & CABINET HARDWARE:

The basis of design and aesthetics of Technical structure and applications of door & cabinet hardware, are on the basis of Engineering and aesthetics.

Aerodynamic and ergonomic design of door and cabinet handles by eliminating sharp parts and also utilizing of classic and modern designing methods, make a good sense and nice feeling for gripping products in your hands.

THE QUALITY OF GOODS:

Utilizing of the latest world method of manufacturing, also continues testing Of the fittings in the laboratory of guaranty leads to long term benefits for the Customers.

THE KIND OF RAW MATERIAL:

Brass, zamak and aluminum Technical evaluation in designing, manufacturing and demands of market are our basis of choosing the raw material in production of items.

Resistance and durability of door & cabinet hardware of all 3 mentioned

alloys are under guaranty up to 10 years of the company and the door & cabinet hardware with the coating of Titanium and chrome and black chrome are under guaranty of 10 years.

Please check our logo on the box and our products while purchasing.
